Class History

Our four-year journey through the East Windsor Galaxy began in December, 1982. Unsure of which course of direction to take, we moved slowly forward. With our initial crew of Commander Matt Herring, Lieutenant Commander Dave Palmberg, and First Officers Stacey Kastner and Dwight Yeomans, we made progress into the dark unknown.

In our first skirmish with unfriendly aliens, we suffered heavy damage and were forced to retreat and regroup.

Before our second trip we took on two new officers, Rita Wyse as Commander, and Norine Kessler as a first officer. Dwight Yeomans, who had previously been an officer, assumed the Lt. Commander position. Stacey Kastner remained in her position. We again faced foes, this time more valiantly, but again we were forced to run after a close battle.

In our third year, we became respected by our foes, yet with that, we also became a prime target for attack. In our next battle, we suffered severe casualties. This defeat, however, started a fire within us, one from which we would rise to domination.

In our final year we were unstoppable. Led by Phil Wielhouwer, Dwight Yeomans, Stacey Kastner, and Rob Lyke, we crushed our opponents and ushered in a twilight time of peace and security, spreading our insight across the galaxy. As we continue to grow, this time in our separate directions, we remember the experiences we have shared together and look to the future with eager enthusiasm.

Boys' Junior Varsity Soccer

The Boys' Junior Varsity Soccer Team had a less than successful season. Failure to obtain the full complement of players was a major factor in contributing to the poor record.

In spite of those problems the young team gained playing time and valuable skills for upcoming years. Coach Stycklewicz is confident the team will improve next season.

After losing five valuable seniors, East Windsor had to depend on two returning seniors — Todd Mercier (11), Scott Shaw (4), and two newcomers — seniors Tom Sorenson and Gregg Sargent.
